BALTIMORE—THURSDAY, FEBRUARY 16, 1826.

**Splendid Success as usual at Cohen's.**

Agreeably to announcement, the drawing of the second consolidated GRAND STATE LOTTERY OF MARYLAND, took place yesterday afternoon, at Concert Hall, under the superintendence of the Commissioners appointed by the Governor and Council. The official list will be found on the opposite page.—The great capital prize of ONE HUNDRED THOUSAND DOLLARS, was sold at COHEN'S OFFICE in *One Half and two Quarter tickets*—the 30,000 DOLLARS was also divided and sold in shares, (*two quarters and four eighths*)—the 20,000 DOLLARS was also divided in shares, (*Half, Quarter and two Eighths*) and sold at COHEN'S OFFICE—the 10,000 DOLLARS was divided also in shares—the 5,000 DOLLARS was sold in a whole ticket.—The great prizes having been so much divided, their distribution extends into every section of the Union.—We shall, as soon as we receive permission, mention the names of the fortunate holders, and also the place of their residence—in the mean time, while congratulating those of our customers on the continuation of the great success attending their investments at our office, we also remind them that as usual, the CASH is ready on the presentation of their tickets, and we respectfully request them to hand or send them in for payment at *either of our Offices*, as soon as suits their convenience.

On thus closing this scheme of the Grand State Lottery of Maryland, we beg leave to tender our acknowledgements for the very extensive and continued patronage we receive from every part of the United States, and we assure our friends and the public, that as heretofore, we shall continue our accustomed prompt and punctual attention to their commands at all times.

**NEXT SCHEME,****Odd and Even System.**

On the 4th page of this day's Register, will be found the scheme No. 6, of the GRAND STATE LOTTERY OF MARYLAND—It is arranged on the *Odd and Even System*, which is adopted in consequence of the unrivalled popularity of that improved mode of drawing. The universal approbation of this system of lottery, arises from the very small risk, there being not one Blank to a Prize; and the CERTAINTY of obtaining at least One prize, by the purchase of two tickets or two shares, and may draw three!—In addition to which, is the simplicity of the mode, so easy of comprehension, and the great despatch in the drawing, which will be entirely completed IN ONE DAY, and will take place on Wednesday, the 10th of MAY next.

On the score of brilliancy of Prizes, the scheme will also bear examination—compared with the very low rate of tickets, (being only *Four Dollars*) the capital of TWENTY FIVE THOUSAND DOLLARS will be a splendid dividend. Shares will, as heretofore, be supplied at the same rate as the whole tickets.—ORDERS, will continue to receive the most prompt and punctual attention, addressed to

J. I. COHEN, JR & BROTHERS,  
Baltimore.

**RISE OF TICKETS**—In order to allow time for our customers in the most distant parts of the Union, to avail themselves of an opportunity to pro-

cure tickets in the next Scheme of the GRAND STATE LOTTERY at the present original prices, the rate will not be advanced till the 24th of MARCH—all orders dated and postmarked previous to that time, will be supplied at the rate of *Four Dollars*—No time should be lost in forwarding orders, either for the purchase of tickets or renewals of prizes, as the scheme being on the Odd and Even System, the demand will soon cause a scarcity of tickets.—On the 24th March, the price will be **ADVANCED to FIVE DOLLARS.**

**Late Foreign Intelligence.**

The packet ship Howard, Captain Holdridge, has arrived at New York from Havre, after a boisterous passage and several days detention on the coast by the late severe weather. The latest Paris date, is of December 20. The most prominent item of political intelligence is the death of the EMPEROR ALEXANDER, who is stated to have died at Taganrock, early in December, after a few days illness. This intelligence reached Paris on the 17th, by a telegraphic despatch. His death was said to have been occasioned by a sore leg which terminated in St. Anthony's fire. The Emperor having no issue, the Grand Duke Constantine, now Viceroy of Poland, succeeds to the throne of Russia. Alexander was born Dec. 22, 1777. The Grand Duke was born May 18, 1779. The intelligence of this event occasioned a decline of two to three per cent in the French Stocks. The character of the Grand Duke has never been represented in a favorable light. His temper is despotic, and his disposition cruel.

The commercial intelligence from England, is not of an encouraging nature. Heavy failures continue, and the gloom thickens.

The Bank had raised the rate of discount from four to five per cent, and had discounted to the amount of nearly a million a day for several days—yet the demand was unabated, and the difficulty of raising money continued without example.

A meeting of the principal merchants of London, was held at the Mansion on the 15th, and resolutions were adopted on this subject, which it was expected would allay the panic.

Three hundred thousand sovereigns had arrived to Mr. Rothschild, from Paris, and a much greater supply was daily expected.

**STILL LATER.**—Our correspondents of the New-York Mercantile Advertiser, under date Saturday 2 P. M. inform us that "the Leeds has just come up from Liverpool. Sailed December 27th. The agitation in the London Money Market had subsided. The price of Cotton was a little lower at Liverpool. The Archduke Constantine had been proclaimed the Autocrat of all the Russias."

The London Courier asserts that the assets belonging to the firm of S. Williams & Co. are found to be equal to the payment of all claims upon them without having recourse to the private fortune of any of the partners, and that Messrs. Williams & Co. would resume business in a few days.

**Domestic Intelligence.**

**Virginia Legislature.**—The question of a Convention, so much and seriously agitated last Summer in the State of Virginia, has been settled. The question was taken on Thursday last, on ordering to a third reading a resolution for taking the sense of the people upon the subject, and decided in the negative, without debate, 101 votes to 94.

**Population of the State of New-York.**—From the returns received under the census, of the po-

pulation, &c. of this State, it appears that other portions of the State have not kept pace with the city in its increase. The whole population is *one million six hundred and sixteen thousand four hundred and fifty-eight*—making a gain during the last five years, of only 242,648.—Large as this accession undoubtedly is, it is not so large as in some previous remarks on this subject, founded on partial returns from this and one or two other prosperous counties, we had anticipated.—*N. Y. Am.*

**Canal Spirit.**—Three thousand men are advertised for, to labor, at good wages, on that part of the Delaware and Hudson Canal which is now under contract, commencing at the Hudson river, near the village of Kingston, 60 miles below the city of Albany, and about 80 miles above New-York, extending through the counties of Ulster, Sullivan and Orange, in the state of New-York, to the Delaware river, a line of 65 miles of Canal, together with all locks, aqueducts, culverts, bridges, and fencing, to be completed during the present year.

On Thursday evening last a robbery was committed in the store house of the Union Transportation Line, No. 16 Washington-street, which was broken open. Twenty three cases of silks were carried off, and it is supposed that they were transported in a boat, as the boat has since been found. A water-watch, which was found so highly useful during the prevalence of the fever, in 1822, would prevent depredations on the wharves and near the water, which give such facility to pilferers.

This morning six persons supposed to be the robbers, and the goods, with the exception of one small case, were brought to the police office. Suspicion had been traced to the house of Joshua Hassal, 55 Washington-street. Last night a wagon came to take the goods from Hassal's. This was the house of rendezvous, and Hays and his train, who had been on the alert, pounced upon the whole gang, and took the robbers, the wagoner, and the goods. The persons apprehended are Isaac Rice, Joseph Hassel and his son, a boy named Phelps, Keese the driver of the wagon, and another man.—*N. Y. Amer.*

40.000 TICKETS at \$4. .... \$160.000

## NOT ONE BLANK TO A PRIZE!

Prizes payable in CASH, which can be had, as usual at Cohen's Office, the moment they are Drawn.

MODE OF DRAWING.—The numbers will be put into one wheel as usual—and in the other wheel will be put, the prizes above the denomination of Four Dollars, and the drawing to progress in the usual manner. The 20,000 prizes of \$4 will be awarded to the odd or even numbers of the Lottery, (as the case may be,) dependent on the drawing of the Capital Prize of Twenty-five Thousand Dollars—that is to say, if the 25,000 dollar prize should come out to an Odd Number, then every Odd Number in the Scheme will be entitled to a \$4 prize. If the 25,000 prize should come out to an Even Number, then all the Even Numbers in the Scheme will be each entitled to a prize of \$4.

Odd Numbers are those ending with 1, 3, 5, 7 or 9.

Even Numbers are those ending with 2, 4, 6, 8 or 0.

This mode of drawing not only enables the Commissioners to complete the whole Lottery in ONE DRAWING, but has the great advantage of distributing the small prizes regularly to every alternate Number in the Scheme, so that the holder of two Tickets or two Shares of Tickets, (one Odd and one Even Number,) will be certain of obtaining at least one prize, and in the same ratio for any greater quantity. A Ticket drawing a superior prize in this Scheme is not restricted from drawing an inferior one also; many tickets, therefore, will necessarily obtain TWO PRIZES EACH!

Whole Tickets, \$4—Halves, \$2—Quarters, \$1—Eighths, 50 cts.

To be had in the greatest variety of Numbers, (Odd and Even) at

COHEN'S

Lottery and Exchange Office, 114 Market-street, Baltimore ;

WHERE MORE CAPITALS HAVE BEEN OBTAINED THAN AT ANY OTHER OFFICE IN AMERICA.

Orders from any part of the United States, either by mail, (post paid) or by private conveyance, enclosing the Cash or Prizes in any of the Lotteries, will meet the same prompt and punctual attention as if on personal application, addressed to

J. I. COHEN, Jr. & BROTHERS—Baltimore.
